Message to the Congress Transmitting the Report on Radiation Control for Health and Safety

January 30, 1995

To the Congress of the United States:

In accordance with section 540 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360qq) (previously section 360D of the Public Health Service Act), I am submitting the report of the Department of Health and Human Services regarding the administration of the Radiation Control for Health and Safety Act of 1968 during calendar year 1993.

The report recommends the repeal of section 540 of the Federal Food, Drug, and Cosmetic Act that requires the completion of this annual

report. All the information found in this report is available to the Congress on a more immediate basis through the Center for Devices and Radiological Health technical reports, the Radiological Health Bulletin, and other publicly available sources. This annual report serves little useful purpose and diverts Agency resources from more productive activities.

Remarks at the Democratic Governors Association Dinner

January 30, 1995

Thank you very much. I appreciate your enthusiasm. Chris Dodd has that effect on everyone. [*Laughter*] Governor Carnahan and Jean, thank you very much for your service here and for your success tonight. I really would like to say a special word of thanks to my neighbor Mel Carnahan. He helped me when I ran for President. He helped me even when he was

in the midst of a tough primary when it could have done him no good at all to be for anybody running for President. But he survived me, and he got elected—[*laughter*—and then I got elected. We worked together fighting floods, reforming welfare, doing a lot of things, and I am honored to be his friend and his partner.
